The Associated Charities and Citizens' Relief Association appeal for the generous aid of the people of Washington. The societies are dependent upon voluntary contributions and are greatly in need of funds. They require \$28,000.00 to meet their responsibilities to the poor of Washington. Their work is citywide, knowing neither race nor creed. They can only do what their contributors make possible.

The unseasonable weather has brought much sickness in its train. Illness, old age, widowhood, inability to work, the high cost of living, each has its victims, winter and summer, in season and out. It is such sufferers, 12,000 of them last year, that the societies befriend.

Is this work worth while? If you think so will you now send a contribution today?
